Del Rey Well-Being Index

Welcome to the Del Rey Well-Being Index Survey!

The purpose of the Del Rey Well-Being Index is to define, measure and act to improve our quality of life in Del Rey. We will use the findings from the overall results to help us better understand the well-being of our residents, business/property owners and stakeholders in Del Rey.

The survey will take about 8-10 minutes to complete.

Your responses are confidential and will not be linked to you as an individual. Your responses will be combined with all the others who take the survey for an aggregated data analysis. Your input is a vital part of creating an accurate and relevant measure of well-being in Del Rey.

If you have any questions about this index, please contact Mika Kim at mika.kim@delreync.org.

Thanks for your input!
